“2<sup>nd</sup> International Conference and Exhibition on Visible Light Communications 2018 (ICEVLC2018)”, presented by Visible Light Communications Association (VLCA) in Japan, will be held at Hiyoshi campus of Keio University, Yokohama, Japan. The conference offers a unique opportunity for researchers and developers from academia and industry to share ideas about visible light communications.

### Organizer:

Visible Light Communications Association (VLCA)

<http://vlca.net/>

### Topics of interest includes, but are not limited to:

- VLC transceiver design and optimization
- VLC link duplexing and multiple access techniques
- Modulation, coding and detection for VLC
- VLC using image sensor (Image sensor communication)
- Underwater VLC
- Location services using VLC
- VLC wireless sensor networks
- Optical wireless communications in 5G networks
- Vehicle-to-vehicle and vehicle-to-infrastructure VLC
- VLC for Internet of things (IoT)
- VLC for home/office/factory networks

### Important dates:

- Paper deadline: ~~October 15, 2017~~ **October 30, 2017**
- Author acceptance notification: November 15, 2017
